

## Management Units - Edgerton Highway

**21 Approach to  
Kenny Lake**

**22 Kenny Lake  
Farmlands**

**23 Tonsina River-  
Liberty Falls**

**24 North of  
Chitina**

### • Paving

The Edgerton Road is paved to the Tonsina River and from there it continues as a gravel road all the way to Chitina. The combination of the gravel surface's high silt content, summer winds, dry weather and high travel speeds make stopping along the road an extremely dusty experience, detracting from the roads otherwise high scenic values. See Management Units 23 and 24 and also Edgerton Road - Findings and Recommendations.

### • Liberty Falls Recreation Area

Focused around the base of Liberty Falls is a small 5-unit campground located about 11 miles west of Chitina. The combination of the falls and the rushing waters of the creek, its setting in the woods adjacent to but below the road, and the privacy and the spaciousness of each campsite makes this the most attractive and sensitively designed campground on any of the four roads. However, the campground has serious
